SPECIAL FEATURE:

THE ACADEMIC SUCCESS PLAN FOR KIDS!

Philosophy and Mission Statement

A Stronger Foundation was founded in 1997 by educators. Its very essence is based upon the ideology that children have a genuine desire to be the best that they can be and would indeed excel to their highest potential if given the proper resources.

Our mission and philosophies are based on research findings, which strongly supports our beliefs that the right academic beginning makes all the difference between children who grow up to be functionally stable adults and good citizens, and children who never amount to their full potential.

A Stronger Foundation strives to create an environment, which evokes competence and builds self-efficacy in children. We believe that when children receive a stronger academic foundation early in life, while simultaneously taught such values as self-efficacy and perseverance at a tender age, they develop the self-discipline they need to reach their destiny.

The beliefs we embrace are fostered and strongly encouraged through intentional and purposeful core instructions directly aligned with character-building activities, which provides social, emotional, and intellectual stimulation to the end that children ultimately understand that the characteristics they acquire, which make them unique, are the same, which makes them strong.

SF CHILD CARE CENTER STAFF TRAINING

Implementing **The Academic Success Plan** in your program will allow you to implant the seeds of success in your children, shape their destinies and instill a lifelong legacy of hope.

[Learn More:](#)

[Schedule A Training](#)

What it looks like: A Stronger Foundation representative will personally visit your school and meet with staff members. Your team will receive invaluable commendations targeted to the significance of their roles as the child's earliest educator and role model. Team members participate in interactive team building activities that leaves a lasting comradery amongst staff.

SF MOTIVATIONAL CHILDREN SHOWS

BELIEVE IT, SPEAK IT, Practice it! ACHIEVE IT!

The Academic Success motivational children show is the perfect remedy for enhancing students' enthusiasm for success, especially before state comprehensive exams. This vivid, interactive, dramatic presentation leaves students with an awareness and understanding of self-efficacy. Students will exhibit a noticeable change in their academic attitude and habit towards learning. They have the ability; The Academic Success motivational children' show provides the confidence.

[Learn More:](#)

[SCHEDULE A SHOW NOW!](#)

What it looks like: Children are fully engaged in this lively presentation with interactive Q&A and spontaneous giveaways to keep their full attention. The best part is that children leave with the knowledge of how to set their mind for success.

Be the best kid you can be! We'll show you how.

PARENT EDUCATION SEMINARS

ASF truly understands the old saying, 'It takes a village to raise a child'. The Academic Success Parent Seminar is the ideal program for busy parents who are practical about their child's success in school and in life. This is your opportunity to instill greatness in your child. Learn how you can help your child to discover the secrets to his/her academic success and how to unlock his/her greatest potentials. The **Raising an Academic Star** presentation is highly recommended for getting parents actively oriented with their child's actual academic growth, present academic status and appropriateness of learning experiences. Parents will be equipped with strategic knowledge of how to analyze their child's academic competence as it compares to the real level of the global academic bar.

[Learn More:](#)

[Schedule A Training](#)

What it looks like: Part I (Raising an Academic Star) Reveals eye-opening research sure to awaken every parent's maternal curiosity concerning the adequacy of their child's academic development. The revelation of undeniable data, exposing the well-disguised and dormant epidemic amongst today's learners, will stir parents to immediate active interventions. Parents will be motivated like never before reclaim their authoritative responsibility as the child's primary educator. In part II, (Invest Best) Parents are provided with a deeper look at the research findings which governs the Academic Success Plan, while exploring the advantages of investing in their child's academic development at an early stage.

PDD WORKSHOPS

The perfect remedy for preventing stagnation and teacher-burnout, this workshop provides exciting research-based strategies for keeping teachers highly motivated throughout the school year. Teachers who attend this workshop are empowered by the unique delivery of strategies for enhancing their personal efficacy. Help your staff to rekindle the flaming passion for students' success and well being. Replenish their enthusiasm and encourage team success.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

Giving students the keys to unlocking their greatest academic potentials, while Empowering them to become the best that they can be one moment at a time.

ABOUT ASP4K

The Academic Success Plan For Kids, (ASP4K) is a plan to help every child to succeed in school and in life. It generated from a simple idea that every child can learn how to develop primary greatness in any area of interest. The idea blossomed into the belief that students genuinely desire to succeed, and would do so if they knew HOW.

Children are oblivious to the many hindering factors, which plague their very willingness to try. The mission of ASP4K is to help children to become empowered with the knowledge of HOW to succeed through embracing self-efficacy.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

THE VISION: Every child becomes successful adults by developing primary greatness, and fulfilling his/her life's purpose.

THE MISSION: To instill in children, the knowledge of HOW to achieve primary greatness in life through embracing self-efficacy.

THE BELIEFS:

- * All children desire success.
- * More children would succeed academically and otherwise if they knew HOW.
- * All children have the ability to achieve Primary Greatness and to fulfill his/her true purpose in life.

SELF-EFFICACY: The belief that success will be acquired as a result of an effort.

PRIMARY GREATNESS: Operating in one's true calling and purpose. Identifying and living the life that was destined, at the level intended. Performing at one's greatest potential according to one's complete ability.

PURPOSE: Learned helplessness, coupled with low self-concept plague many children, hindering them from exercising their full potential and from performing at the extent of their abilities. However, children who learn to embrace self-efficacy are more willing to try new tasks, blanketed with the attitude that their effort will produce success. Our purpose is to make all children aware of self-efficacy and how to use it as a tool to achieve success.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

WHAT IS IT: The Academic Success Plan for Kids (ASP4K) was designed with students' success at heart. The objective of the program is for all children to discover, embrace and develop self-efficacy to the level where they understand that achieving success is a decision, which they make and own.

PROGRAM RECOGNITION:

- * PALM BEACH POST: Making a difference, teaching with excellence
- * ING UNSUNG HERO award for innovation and excellence
- * EDUCATION FOUNDATION award for innovation and creativity in a School

FEATURES

- * CHARACTER CIRCLE
- * ACADEMIC SUCCESS CHARACTER CLUB

- * MATH ATTACK

Our programs focus on fulfilling our mission to empower individuals through self-efficacy. The ASP4K is a comprehensive program, which may be implemented in whole or in parts.

Believe it; Speak it; Practice it; Achieve it!

THE ACADEMIC SUCCESS PLAN FOR KIDS!

THE CHARACTER CIRCLE

Teachers and students communicate attributes of self-efficacy in the classroom. Incorporated within the curriculum, students demonstrate development of self-efficacy during routine tasks.

The Academic Success Character Circle is the daily process of preparing students to embrace self-efficacy throughout the entire school day of learning. Students acknowledge emotions, make positive affirmations, and make conscious decisions surrounding the idea of 'being the best that they can be one moment at a time.' The Character Circle may be tailored to last one to five minutes before class, or up to 45 minutes.

SCHEDULE A TRAINING!

THE ACADEMIC SUCCESS PLAN FOR KIDS!

THE ACADEMIC SUCCESS CHARACTER CLUB

Students discover the power of self-efficacy through participation in a physical challenge. Abiding by the principles of the Character Circle, students develop intrinsic motivation, enhanced determination and positive self-affirmative statements.

The Academic Success Character Club is generally implemented two to five days each week after school. The club offers students the opportunity to discover their academic strengths, to identify their personal interests, and engage in a life-changing experience known as THE BIG CHALLENGE. There are three phases to the club. In phase one, the students experience an extended version of The Character Circle. In phase two, the students engage in a reality-type self-efficacy project. In phase three, the students demonstrate mastery of The Big Challenge. The What You Say Is What You Are book, activity guide and cd are required materials for the club.

SCHEDULE A TRAINING

THE ACADEMIC SUCCESS PLAN FOR KIDS!

THUMBS UP!

Teachers, students, staff, principal, and parents communicate success as a team effort, while focusing on self-improvement. Team success symbolized by a thumbs up, contributes to the overall school improvement, as participants make conscious strides at being their best one moment at a time.

SCHEDULE A TRAINING

THE ACADEMIC SUCCESS PLAN FOR KIDS!

ACADEMIC FIELD DAY

Academic Field Day is a big hit. For one day, teachers and students abandon the regular classroom setting and take the lessons outdoors. Teachers enjoy the unique setting and students hardly realize that they are actually learning. The best part of the Academic Field Day will be revealed when you contact us to schedule your training. Training includes the presentation, organization and schedule of operation.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

THE READING BUDDY STUDY GUIDE

Reading Buddy Study Guide A comprehensive resource for enhancing reading comprehension. A compilation of many reading, language and writing skill books in one easy to use folder. Reading Buddy Study Guide will enhance reading comprehension and help prepare children for state tests.

Training Required

IT JUST MAKES A BETTER READER!

THE ORIGINAL MATH CHANT

The Original Math Chant is a comprehensive review of vital math vocabulary, set to a catchy, hip and kid-friendly beat. Students will bounce their way to an 'A' in math. The training includes the manual and step by step moves. Your teachers and students will welcome this unique training like a breath of fresh air, as they 'slide to the left and

criss cross'.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

The INVEST-BEST PLAN

Invest Best is an intermittent academic maintenance plan designed to create and build an academically strong foundation within scholars, endowed with enhanced stamina and resilience in efficacy. Investing in our children is by far the Best Investment we could ever make.

The Invest Best plan is a parent's best resource for securing the gap between the connecting points throughout the scholar's academic journey from primary to college-ready.

Secure your future investment with Invest Best. It's your way of knowing that your scholar is adequately prepared to embrace the rigor of the academically competitive and ever-changing scholastic demands.

LEARN MORE

INVEST HERE

Invest Best is a three-year investment commitment credited with a unique patented formula for creating stamina and resilient scholars. The plan is a prepaid tuition-based program available to scholars as young as entering first grade.

There are three trimesters per term and a total of three terms. Each term represents 1 academic school year. Tuitions are made once per term. Essentially, the plan secures prepayment for a long-term academic training plan leading to academic competency.

ACADEMIC SERVICES

ACADEMIC CONSULTANT is an independent service offering support to parents in areas concerning the monitoring of the child's academic relationships.

SERVICE RATIONALE:

- Parent/Teacher conferences can be intimidating for parents. The average parent is overwhelmed by the wealth of information presented during conferences and often leave confused and unclear about the child's actual status.
- Most parents are unsure of the appropriate questions to ask after viewing progress monitoring data. Hence, the parent nods and smiles. Resources presented during meeting are stored away and inadvertently forgotten.

SERVICES INCLUDES:

- We attend meetings with parents and gather vital information presented by teacher.
- In a follow-up session, we carefully explain the information to parents and offer suggestions of appropriate action steps to take.
- We monitor the selected action step over a period of time to determine adequacy. Then schedule a follow-up conference with the child's teacher to determine progress.

THE ACADEMIC SUCCESS PLAN FOR KIDS!

BECOME A PARTNER

This program allows business owners and community leaders to sponsor an entire school or a classroom with resources geared at building self-efficacy. The future belongs to the innovators of today. When you become a partner, you can help to adequately equip our children with the competence they will need to succeed in the future. Simply contact us to register as a partner.
